

SULA

VINEYARDS

PROUDLY INDIAN

In 1996, Rajeev Samant, the CEO and Founder, recognized the immense potential the region of Nashik in India holds for cultivating grapes. He then decided to start Sula Vineyards with the goal of making quality wine in India, with the help of an eminent California winemaker, Kerry Damskey.

The unique climate of Nashik helps in growing different grape varieties, each with its distinct personality. Our product selection strives to offer something for everyone, and every celebration. Sula is proud to have built a culture of wine drinking in India and has been the #1 international trailblazer in Indian wines.

Everything we do at Sula is guided by core values that aim at preserving and enhancing the art of winemaking. Rajeev Samant laid a strong foundation for Sula's commitment to sustainability and remaining an equitable organization, and we strive to carry on the legacy and philosophy.

FOUNDER

.....

Rajeev Samant has always been a visionary, with the heart of a dreamer and the resolve of a doer. Upon returning from the US, he recognized a hidden gem in Nashik—an untapped region with the perfect climate for winemaking. With unwavering passion and sharp foresight, Rajeev founded Sula Vineyards, embarking on a journey that would redefine Indian winemaking.

Joined by his friend and Sula's master winemaker, Kerry, Rajeev turned a modest stretch of land into a flourishing vineyard, nurturing it vine by vine, stone by stone. His profound love for Indian winemaking, coupled with a steadfast commitment to sustainability and local traditions, laid the groundwork for Sula's incredible growth.

This bold vision not only transformed Nashik into India's Wine Capital but also positioned Sula as the nation's leading wine producer. Today, Sula Vineyards is a proud symbol of innovation and opportunity, uplifting the rural economy and placing Indian wines firmly on the global map.

PHILOSOPHY

.....

Our wines have a clear conscience!

At Sula, we make sure that every decision we make respects our values, alongside our objectives. Making great wine is our passion and our goal, but we make sure to put the environment's wellbeing before anything else.

Each extra step taken towards creating a sustainable final product is worth it.

SUSTAINABILITY

.....

The region of Nashik experiences an extremely dry period, and a critical monsoon season each year. During the critical monsoon period, we harvest up to 90% of the water we use in the year. We reuse treated water to cut down on our carbon footprint and have installed drip irrigation, which helps us reduce water consumption by approx. 40%. Apart from this, we also use solar energy immensely.

As a socially equitable company, we respect human right and don't employ any form of child labour in our operations.

More than 60% of our power comes from solar

99% of our packaging is recyclable

We recycle over almost 3640 million litres of water per year

We adhere & respect all human rights
